

The 2011 Multicultural Project presents

The Last Picture

We will tell a story through various pictures depicting one moment in the lives of our participants.

If you had to leave only one picture behind which one would you choose? Many foreigners in the Kani area and a number of Japanese people involved in international community have thought it over and made their choice.

Through a combination of music, dance and images they will give a multicultural performance based on "The Last Picture".

家族

DEATH

'Different' is interesting!

The ALA Multicultural Theater Project "TSUKUTTE-TSUNAGARU!"

The intercultural Theater project is a project created by both Japanese and foreigners. We started in 2008 and this is our 4th year.

We are aiming to spread the define bond which has been developed among the participants and create new cement between people who have various different in our community.
